

FOR IMMEDIATE RELEASE

Nedscaper Announces Finalist Nomination as Microsoft Partner of the Year

South Africa, 27 June 2024 - Nedscaper, a leading provider of innovative cloud solutions, is proud to announce its recognition as a finalist for the prestigious Microsoft Partner of the Year Award. This accolade is a testament to Nedscaper's commitment to excellence and its ability to leverage Microsoft technologies to drive transformative outcomes for clients globally.

The Microsoft Partner of the Year Awards celebrates top Microsoft partners that demonstrate excellence in innovation and implementation of customer solutions based on Microsoft technology. Awards were classified in various categories, with winners chosen from a set of more than 4,400 submitted nominations from over 100 countries worldwide.

Nedscaper has distinguished itself among a global field of top Microsoft partners for showcasing excellence in innovation and the implementation of customer solutions based on Microsoft technology. *"Being named a finalist for Microsoft Partner of the Year is an incredible honor and validates our team's hard work and dedication," said Thomas Verwer, CEO of Nedscaper. "Our partnership with Microsoft has been instrumental in our growth and success, and we are thrilled to be recognized for our innovative solutions that have had a significant impact on our customers' businesses."*

Nedscaper's recognition was earned for providing outstanding solutions and services in the Security Category. As a finalist, Nedscaper has demonstrated exceptional use of Microsoft technologies, including cloud to edge technologies, to solve complex business challenges. Their work exemplifies the cutting-edge innovation and entrepreneurial spirit that the Microsoft Partner of the Year Awards seeks to recognize.

The Microsoft Partner of the Year Awards also highlights partners that have developed and delivered exceptional Microsoft-based solutions during the past year. Nedscaper's solutions stood out for their significant benefits to customers, driving efficiency and productivity gains that have enabled businesses to thrive in a rapidly evolving digital landscape.
